Candidate: _____ Date: _____ Interviewer: _____

OPENING & MOTIVATION

1. Why are you looking to make a move right now? What are you looking for that you're not getting today?
2. What types of projects have you run (custom homes, additions, renovations)? Largest contract value you managed yourself?

EXPERIENCE & TECHNICAL

3. How hands-on are you on the construction side? Walk me through framing, waterproofing and sequencing on a typical addition.
4. How familiar are you with the Ontario Building Code, permits, inspections and Tarion?
5. Have you built scopes and work orders, or only managed against them? Tell me about a scope gap between trades you caught before it cost money.

OWNERSHIP & DEADLINES

6. Tell me about a project that hit a major issue or fell behind. What caused it, when did you tell the client, how did you recover? *(If raised: sheet metal strike, actual fix and your role?)*
7. How do you keep a job on schedule with multiple trades? Walk me through your look-ahead planning.
8. A trade no-shows Tuesday morning. Walk me through the next two hours.

INDEPENDENCE

9. When you bring a problem to your boss, what does that conversation sound like? *(Listen for: issue, cause, options, cost/schedule impact, recommendation)*
10. What did your last employer have to stay on you about? If I called them, what would they say about your follow-through?

CLIENTS & CHANGE ORDERS

11. Every client gets a weekly written update from us. What goes in yours?
12. A client asks a trade on site for extra work. What happens before anyone starts? *(Right answer: written approval + pricing first)*
13. How do you know if a job is making or losing money before it closes out?

SYSTEMS & SOPS

14. What systems do you use to stay organized (JobTread, Buildertrend, spreadsheets)? Built anything with automation or AI?
15. Part of this role is building and owning our SOPs: tendering, communication, deficiencies, closeout. Have you written SOPs before, and did people use them?

COMMITMENT · NON-NEGOTIABLES

16. **This is a salaried, results-based role. Some weeks are 10-hour days, Saturdays are expected when the job needs it, and you're on call whenever a trade is on one of our sites, weekends included. Are you a firm yes?** *(Ask after rapport, before compensation)*

☐ **Saturdays** ☐ **10-hr days** ☐ **On call when trades on site** ☐ **Owns deadlines** ☐ **Builds SOPs**

FIT & LOGISTICS

17. What would your first 90 days look like, and where would you add the most value right away?
18. When can you start? Compensation expectations?

Wrap-up: What questions do you have for me?
